

Natnael Samuel

SOFTWARE DEVELOPER

PERSONAL PROFILE

I am a software developer with experience in designing, building, and testing complex, scalable solutions. My expertise includes developing robust applications using Next.js, React, Express.js, Django, and FastAPI, with a strong focus on system efficiency, reliability, and clean architecture principles.

WORK EXPERIENCE

Software Developer (Intern)

Ethio Telecom Headquarters. | June 2025 – August 2025

- During my internship at Ethio Telecom, I contributed to the design and development of web applications, including the FIGA website, working closely with developers and stakeholders to build responsive, user-friendly solutions. I participated in the full software development lifecycle, from implementing features and debugging applications to testing and deployment support, while applying modern web development practices and collaborating effectively in a team environment.

EDUCATION

Bachelor's Degree in Computer Science | Hawassa University | March 2023 – June 2026
Specialization in Web Applications
GPA: 3.74

- Leader of the code crafters (Software Engineering) domain of Peakcraft club under the Hawassa University Informatics Faculty

TECHNICAL SKILL

- Typescript, Python, Next.js, React, Express.js, Django, FastAPI, SQL, Github, Docker, Figma

SKILL

- System Design
- Database Modeling
- Full-Stack Development
- RESTful API Development
- Agile Methodologies
